

Materials

- Housing: metal
- Spring Contacts: Phosphor Bronze Gold-plated 1.27 μm (50 μm)

Electrical characteristics:

- Contact resistance: no more than 20 m Ω
- Insulation resistance: not less than 500m Ω

Supported Applications:

- 10BASE-T, 100BASE-TX, 100BASE-T4, 1000BASE-T, ATM-25, ATM-51, ATM-155, 100VG-AnyLan, TR-4, TR-16 Active, TR-16 Passive

Completeness:

- Module - 1pc
- Packing: individual poly bag

Exploitation:

- Permissible storage temperature: -40 to +70
- Permissible installation temperature: from 0 to +50
- Permissible operating temperature: from +5 to +60

- Durable steel frame and ergonomically designed handles
- Lightweight and rugged
