Press Release

Hyperline Systems Canada Ltd. Awarded an Outstanding Score in Cabling Installation & Maintenance 2016 Innovators Awards Program.

Breaking News –Hyperline Systems announced today that its New Product Packaging was recognized by the judges of the annual Cabling Installation & Maintenance Innovators Awards program. The judging panel consisted of cabling and communications system specifiers, designers, integrators and managers with vast professional experience.

Hyperline was honored with a Silver-level award for their unique and eye-catching product packaging which is taking the industry by storm.

“This prestigious program allows Cabling Installation & Maintenance to celebrate and recognize the most innovative products and services in the structured cabling industry. Our 2016 Honorees are an outstanding example of companies who are making an impact in the industry.”

(L) Patrick McLaughlin, Chief Editor of Cabling Installation & Maintenance.
Patrick Theriault, Marketing Manager of Hyperline Systems.
Gregory Shields, Chief Executive Officer of Hyperline Systems.
Gregory O'Reilly, Chief Business Development Officer of Hyperline Systems.
(R) Alan Bergstein, Group Publisher of Cabling Installation & Maintenance.

The Innovators Awards are judged based on the following criteria:

- Innovative
- Value to the User
- Sustainability
- Meeting a Defined Need
- Collaboration
- Impact

Installation & Maintenance.

About Cabling Installation & Maintenance

Published since 1993, Cabling Installation & Maintenance has provided practical information to professionals responsible for the specification, design, installation and management of structured cabling systems in enterprises, data centers and campuses. Cabling Installation & Maintenance's magazine, website (<http://www.cablinginstall.com>), email newsletters and webcasts help cabling professionals improve day-to-day operations and enable strategic planning for their networks' optimum long-term performance

About The Cabling Installation & Maintenance 2016 Innovators Awards program

The Cabling Installation & Maintenance 2016 Innovators Awards program reviews and recognizes the most-innovative applications of cabling and communications technology products and systems within the structured cabling industry. Platinum, Gold and Silver Honorees were announced at BICSI's 2016 Fall Conference in San Antonio on Monday, September 12, 2016. Criteria used in the Innovators Awards ranking included: innovation, value, sustainability, collaboration, and impact.

About Hyperline Systems Canada Ltd.

Hyperline is a North American manufacturer of the most comprehensive range of products available for Structured Cabling Systems. Hyperline sells through distribution channels within North America and their presence in Middle East is growing. In celebrating their 10 year anniversary in 2015, Hyperline underwent a rebranding campaign. As part of this campaign, they completely revamped their website, product packaging, company logo, and much more. Hyperline strives to remain up to date with industry standards and ahead of the curve with revolutionary products. Hyperline is always growing and seeing what they can accomplish to achieve greatness.
